

SUMMARY

Strategy and Operations leader with over 8 years of experience leading growth programs. Leads cross-functional teams across Product, Store Operations, and Tech in translating strategy into measurable improvements in customer experience. Developed prescriptive analytics and recommendations driving 10% YoY CSAT improvement for large-scale retail and e-commerce. Bachelors in Engineering, MS in Project Management and UNC Chapel Hill MBA.

EXPERIENCE**Director of Business Operations**

CAROLINA BIOONCOLOGY INSTITUTE – Huntersville, North Carolina January 2026 – July 2026

- Led inventory management workstream end-to-end; developed business case and process maps that secured executive sponsorship for ERP implementation and headcount, aligning 7 departments within 4 weeks
- Built a 2-phase, 180-day execution roadmap and staffing plan adding an operations coordinator and analyst; reduced scope creep for existing managers in procurement and inventory management
- Analyzed processes across 7 systems spanning pharmacy and courier operations; identified chain-of-custody gaps in regulated materials, building the case for controls to reduce risk extending to future sites

Manager II, E-commerce Customer Delivery Experience

WALMART – San Bruno, California January 2024 – June 2025

- Led cross-functional stakeholders in content preparation for cadenced customer analytics business reviews; developed business cases driving 10% YoY improvement in CSAT and resolution time KPIs
- Championed best practices for customer chat feedback data workflow; published data sources structures to scale adoption of customer experience analytics tools and amplify customer insights
- Partnered with operations and product stakeholders to prioritize customer experience initiatives; improved order status communication during tech outages reducing defects by 15% and strengthening customer trust

Strategy and Operations Manager

TEC SERVICES – Columbia, Maryland September 2019 - December 2023

High growth company using data to transform large-scale commercial services for retail brands

- Established Tableau dashboards integrating customer experience and operational performance across 900+ US locations; insights informed customer experience performance KPIs for 100+ member team
- Owned development of prescriptive models to drive pricing negotiations for \$20M+ contract renewals and growth programs annually; expansions contributed to 75%+ revenue growth and 25%+ margin increase
- Partnered with CFO in financial planning and goal setting processes; launched automated weekly/monthly reporting to improve KPI tracking and drive alignment with business units

Training Analyst

THE KENYA CONSERVATOIRE OF MUSIC – Nairobi, Kenya January 2013 - June 2017

- Led cross functional team in process assessment and improvement initiatives; supported annual strategic planning and execution improving customer satisfaction metrics by 20%
 - Built business cases to secure leadership investment in new programs; new programs increased visibility and drove 40% YoY retention growth.
